PROFESSIONAL SUMMARY

Motivated 3rd-year Computer Science and Engineering student at B.N.M. Institute of Technology with a strong interest in web development, data science, and software engineering. Proficient in C++, Java, Python, and JavaScript, with hands-on experience building web projects using HTML, CSS, and modern frontend technologies. Familiar with data analysis and machine learning using Pandas, NumPy, and Scikit-learn. Eager to apply technical knowledge, develop practical solutions, and contribute to real-world software projects through an internship opportunity.

EDUCATION

B.N.M. Institute of Technology (BNMIT), Bangalore — Autonomous under VTU, Approved by AICTE **Bachelor of Engineering in Computer Science and Engineering (CSE)** 3rd Year | Expected Graduation: 2028 | 2024 - 2028

PROJECTS

Urban Eye - Smart Civic Issue Reporting Platform — [urban-eye1245.vercel.app](#)

Developed a civic issue reporting platform using React, TypeScript, Tailwind CSS, and Supabase to enable citizens to report and track local problems. Implemented interactive Leaflet maps, issue categorization, location-based reporting, community upvoting, and leaderboard analytics to improve civic engagement. *Tech: React | TypeScript | Tailwind CSS | Supabase | Leaflet*

Metro-bot - Interactive Bengaluru Metro Route Planner — [kishan5757.github.io/Metro-bot/](#)

Developed an interactive Bengaluru Metro route planner using React, JavaScript, Tailwind CSS, and Vite to provide station information and route guidance. Implemented Dijkstra's algorithm with interchange handling to calculate optimal routes, transfers, estimated travel duration, distance, and fare details. *Tech: React | JavaScript | Tailwind CSS | Vite | Dijkstra's Algorithm*

Skill Intelligence Platform - MoSPI - NSSTA — [sih-eight-woad.vercel.app](#)

Developed a full-stack skill intelligence and personalized learning platform using React, TypeScript, FastAPI, and Python. Implemented AI-based skill-gap analysis, competency profiling, course recommendations, document processing, and competency-based quizzes with automated evaluation and progress tracking. *Tech: React | TypeScript | FastAPI | Python | AI*

SKILLS

Programming Languages	Web Development	Data Science / ML
C - System Programming	HTML - Semantic Markup	Python - Core ML Language
C++ - DSA & OOP	CSS - Styling & Responsive UI	Pandas - Data Manipulation
Java - OOP & Backend	JavaScript - ES6+	NumPy - Numerical Computing
Python - AI/ML & Scripting	React - Frontend Library	Scikit-learn - Machine Learning
JavaScript - Web & Logic	Node.js - Backend Runtime	Matplotlib - Data Visualization

CERTIFICATIONS & ACHIEVEMENTS

- NEXBUILDON HACK 2026 - Certificate of Participation** - Kishan K S - 17 Aug 2026 - ID: NEX26-PART-0736
Nexbuildon Community, Anibotix, Sphere
- AI Factory - Certificate of Completion - LABLAB & NativelyAI** - Kishan K S - Aug 3-10, 2026 - Outstanding performance completing & submitting solution based on ChatGPT, OpenAI - ID: CMSR9659W00WTS601SQOA7TUL
- Responsive Web Design Developer Certification** - freeCodeCamp - Aug 25, 2026 - 300 hours - HTML, CSS, Responsive Design
- IEEE Student Membership** - Bangalore Section - Member #102145456 - Valid through 31 Dec 2026 - Student Member in good standing
